One one talked to me. I got a cryptic txt msg about a sidewalk needing repair. I have no contact with DWP. But I can get one.

We have talked with Jim Kennedy about this. I'm sure he's on it. By copy of this e-mail I'm asking him to to let us know what the status of the man hole lifts are.

BTW, the asphalt pieces have been removed frm the tree well by the BID contractor, Clean Street, I believe.

I also asked Jim to try to get the new conceret handicapped ramp near Bar Melody (across from In N Out Burger) fixed. It appears to have been cut by City or DWP crews and left with an asphalt patch. Just south of that, the sidewalk is in need of repair as well (in front of the rental car business). Jim have you been able to make any headway on that?

Don,

I am getting a lot of complaints about the man hole covers in the north bound of Sepulveda. People are complaining about damage to their wheel alignments.' Sunday I suggested that the person complaining call the Council office. I gave her the phone number.

I will send an email to Michael Hunt as well.

John

Subject: Re:

This has been scheduled for Thursday.

Also scheduled is north & south side of W/C Parkway west of Sepulveda to Sepulveda Westway, which has a lot of gum that I saw yesterday.

Also scheduled is the east side of Sepulveda south of W/C Parkway to the BID boundary. (This is the area that John mentioned as being "dirty" at the WBIA meeting. It is also the area that I asked Jim Kennedy to repair yesterday. There are weeds in the broken sidewalk that Clean Streets will remove today, ahead of the pressure washing.)

On the southeast corner of Sepulveda Westway and La Tijera Blvd. (by the car wash) a car ended up on the sidewalk and leaked oil (or something). Could we get that steam cleaned?

Thank you.
